

GREEK WINE TASTING

Greek wine tasting is the best way to explore the Greek wines.
Five different varieties of Greek wines are included.

Each glass of wine comes from indigenous Greek varieties.

During the tasting you will have the opportunity to learn about
the characteristics and history of each variety.

Each wine will be accompanied by different finger bites curated
by our house Chef, which will match the wine flavor accordingly.

The duration is approximately 1 hour and 30 minutes.
