A BOHEMIAN RETREAT IN THE AEGEAN SEA  
WHERE EVERYONE DISCOVERS THEIR INNER CHILD  
AND STAYS FOREVER YOUNG;  
A PLACE, WHERE TIME STOPS  
AND YOUR TRUE SELF FINDS ITS HOME.

---

Rocabella Mykonos initiates you into a hip accommodation experience for real travellers seeking wanderlust and wanting to live life to its fullest. It introduces you to a private retreat, without feeling cut off from the island's rhythms, as it is ideally located at the village and beach of Agios Stefanos, just five minutes' drive from Chora.

It is inspired by minimal design and bohemian aesthetics that harmoniously blend with the dominant white Cycladic architecture and the blue Mykonian landscape. Its 21 rooms and suites are all about soft earthy tones, simple lines and natural materials, while its superior services and personalised amenities cater to those looking for simplicity and authenticity.

With sea views, jacuzzi and balcony for quality relaxation, the rooms and suites feature everything you need to make you feel like home.

All we need from you is to find your own kind of happiness and indulge in an experience of genuine hospitality.

The heart of Rocabella Mykonos beats in the pool area. Design chairs and cosy loungers are all you need for a long-lasting relaxation by the pool, where you can indulge in true enjoyment and carelessness.

Our award-winning Greek breakfast, honouring local products, is the best way to start your day and our way of saying "kalimera" ("good morning"), the refreshing cocktails and nutritious juices of the pool bar should not be missing from your daily to-dos, while the creative flavours of Reeza Restaurant introduce you to modern Greek cuisine in the most delicious way. The wonderful views of the Aegean Sea, the historic Delos and the neighbouring Rineia complement ideally your unique dining experience.

Pamper yourself with high-level treatments in our spa, a wellness microcosm if you'd like, and surrender into the hands of experienced therapists.

When you are not relaxing by the pool or in your room, the concept store at the reception entices you in with some of the design objects found in the rooms, Greek cosmetics used in the spa, local products and creations by talented Greek designers.

As a member of Green Hotels and being awarded with Green Key for our eco-identity and environmental responsibility are undeniably some of our top priorities.

At Rocabella Mykonos, we believe in people and moments, offering all you need to turn your moments here into a life experience.
