This season the lights are on at our newly renovated rooms and at the one & only villa!

This season the lights are on at our newly renovated rooms, making the second exciting step in our journey of transformation. We have elevated 9 of our rooms, creating a blend of style and comfort, perfect for hosting groups of friends and families. Designed to embody our philosophy of connected rooms, these upgraded spaces offer a larger, more inviting atmosphere. And that's not all- our one & only villa, designed by the talented architect Eleftherios Ambatzis, remains a slice of exclusivity.

This 160 sqm paradise, features 3 bedrooms, 3 bathrooms, an open-air living room, a fully equipped kitchen (only for private cooking from our executive chef) and a dining area where guests can enjoy a fully private dinner. With a private swimming pool providing breathtaking views, the Villa is a perfect choice for couples, friends, or families seeking a truly unique and exclusive holiday experience. While enjoying complete privacy in their own heaven, guests can still access all of the hotel's facilities. The villa's zen outdoor living room provides a dreamy view of Mykonos Town and the sound of the pool's cascading waters adds to the overall serene ambiance.
